TERMINAL DISCLAIMER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Petitioner, Allan A. Fanucci, represents that he is the attorney of record for the present application.

Petitioner hereby disclaims the terminal part of any patent granted on the above-identified application that would extend beyond the expiration date of the patent issuing from U.S. Patent Application No. 09/590,099, filed on June 9, 2000, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that any patent granted on the present application and U.S. Patent No. 6,223,177 are commonly owned.

Petitioner further agrees that this agreement is to run with any patent granted on the above-identified application and is to be binding upon the grantees, their successors, and their assigns.

Petitioner does not disclaim any terminal part of any patent that issues on the above-identified application prior to the expiration date of U.S. Patent No. 6,223,177 in the event that the patent is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its full statutory term, except for lack of common ownership as stated above

Certificate of Facsimile Transmission under 37 CFR § 1.8

I hereby certify that this correspondence, consisting of nine pages including a two page Terminal Disclaimer and a fourteen page attachment including chain of title documents, is being transmitted by facsimile to the United States Patent and Trademark Office, to facsimile telephone number 703-872-9306 on January 21, 2005

Pejman Sharifi (Reg. No. 45,097)

Petitioner has reviewed the assignment and chain of title documents of the predecessor patent applications, including Application No. 08/955,569 and Application No 09/195905, now U.S. Patent No. 6,223,177, which act to grant ownership rights of those applications and patent along with ownership rights of the above-identified application to Involv International Corporation, wherein the rights to the above-identified application are granted on the basis of the above-identified patent application having subject matter common with the predecessor patent applications. Petitioner has also reviewed the claims of the present and the specification of the predecessor applications to confirm that the present claims are supported by the predecessor applications and patent. Petitioner has also reviewed the attached assignment granting ownership rights in new subject matter of the present continuation-in-part application to Brokercom, Inc. Copies of the assignment and chain and title documents are attached. Petitioner, on the basis of this review, hereby confirms that, to the best of his knowledge and belief, Involv International Corporation and Brokercom, Inc. are joint owners in the above-identified application having full title to the application and any patent that may issue from the application and as result, U.S Patent No. 6,223,177 and the above-identified patent application have common ownership in Involv International Corporation. Petitioner, on the basis of this review, hereby further confirms that Involv International Corporation has the authority able to take action in this matter to agree to the terms of the disclaimer, and that he is empowered to act on their behalf.

Petitioner hereby declares that all statements made herein of his own knowledge and belief are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application and any patent issuing thereon.

Signed this 21st day of January, 2004.

Respectfully submitted,
